Thoughts For Easter

There Jesus spoke to the crowd. "Did you have to come with swords and clubs to capture me, as though I were an outlaw?" Every day I sat down and taught in the Temple, and you did not arrest me. But all this has happened to make come true what the prophets wrote in the Scriptures.

"These all the disciples left him and ran away."

Those who had deserted Jesus took him to the house of Caiaphas, the High Priest, where the teachers of the Law and the elders had gathered together. Peter followed him from a distance, as far as the courtyard of the High Priest's house. He went into the courtyard and sat down with the guards, to see how it would all come out.

The chief priests and the whole Council tried to find some false evidence against Jesus, to take him to death; but they could not find any, even though many came up and told him about him. Finally they were forced to let him go. "This man said, 'I am able to bear any cross,' and three days later he will be back up."

The High Priest stood up and said to Jesus, "You have no answer to give to this accusation against you?" But Jesus kept quiet. Again the High Priest spoke to him: "In the name of the living God, I now put you on oath: tell us, if you are the Messiah, the Son of God."

Jesus answered him: "So you say that I am full of you, from the time on you will see the Son of Man sitting at the right side of the Almighty and coming on the clouds of heaven?" At this the High Priest tore his clothes and said: "Blasphemy! He doesn't need any more witnesses. Right here you have heard his wicked words. What do you think?" They all answered: "He is guilty, and must die."

Far, Far Too Many Tears Over Tear Gas

By GARY WILLS

The Senate is finally coming around to ratification of the 1965 Geneva Protocol against chemical and biological weapons. The treaty was signed in 1968, and it would ban the use of chemical and biological weapons in all circumstances. It is a landmark treaty, and it is long overdue.

Only enough, we should say, the Protocol is not to prevent the use of chemical and biological weapons in all circumstances. It is a landmark treaty, and it is long overdue.

But a Senate floor vote is scheduled for next week. It is a landmark treaty, and it is long overdue.

There have been suggestions in the past that the Senate might not ratify the treaty. But now, it seems, there is no doubt that it will.

But — here it — sometimes there is a need for a "yes" vote. It is a landmark treaty, and it is long overdue.

And it is a landmark treaty, and it is long overdue.
