## Chevelle and Impala. We've packed them for your vacation.

There are certain things no family should count on on vacation without. Things that will help make your trip more enjoyable and less worrisome. We've packed them, such things into our Chevelle and Impala, the two most popular cars in their class.

**Chevelle:** The most popular full-size car in the country.

**Impala:** The most popular full-size car in the country.

**"Talking" seat belts.** Trailing around, getting in and out of the car is a breeze. You get close buckling up.

**Conveniently located, built-in reminder system** that speaks up if you try to start off before buckling.

**Another reason why** Chevelle and Impala are top cars in their fields is their comfort.

**Impala is one of the roomiest cars around.**

**And Chevelle, though slightly smaller, gives you room for six.** Plus plenty of baggage.

**But comfort is more than just room.** So at all our wheels we've put big coil springs to gently up your ride.

**And between the body and the frame we've placed a network of little rubber cushions to help keep things quiet inside.**

**There's even more.** Here are a few more items you'll be taking along this summer if you travel in a new Impala or Chevelle.

**A tough acrylic lacquer finish** (its terminals on the side so corrosion can't build up).

**An engine that operates efficiently** (on no-idle, low-back, or regular fuel).

**Why, on Impala, you even get power steering, power disc brakes and Turbo Hydra-matic transmission—all standard.**

**A beautiful choice.** We suggest you stop by your Chevrolet dealer to see, to take a close look at the 1972 Chevelle or Impala.

**It's nice to know that whichever way you go, you'll be getting a whole lot of car.**

**Packed with the right features.**

**Packed with good old American value.**

**Have a good trip.**

**Chevrolet. Building a better way to see the U.S.A.**
